**Subject:** RE: NRDC comments on IRIS naphthalene

Dear Jen,

Thanks for sending these comments. We greatly appreciate the time and effort to provide this insightful feedback. We are also hoping the public meeting can be rescheduled in the near future – fingers crossed! The IRIS program remains vibrant and exceptionally productive – we hope the external face of IRIS can be revealed more transparently soon, so that the program can show off its progress and successes.

Thanks,  
Tina
